

Access to Healthcare Services

What percentage of Harlem residents do not have health insurance or a doctor?

	Harlem		NYC	United States	Central Harlem Disparity (w/NYC)	Central Harlem Disparity (w/U.S.)	Healthy People 2010 Target
	Central	East					
% Uninsured	6%	9%	12%	15%	-50%	-60%	0%
% Without a Doctor	28%	27%	26%	14%*	+8%	+100%	15%
Needed care but did not receive it	12%	13%	10%	---	+20%	---	7%

Though less than ten percent of Harlem residents are uninsured, over 25 percent report not having a doctor.
